AP Poetry

You will complete this work as per the syllabus, keeping them in a running journal that you should have with you in class every day. Whenever we have a spare moment, you may be asked to share your work with the class, and I will collect it unannounced when the timing is good for me. The value of each collection will depend on the number of poems involved.

Directions:

- Each time the assignment is marked on the syllabus, you need to download the needed forms from my website. You must type your answers directly into the form.
- Picking either a poet from the poets list or a poetry type from the types list, find a poem of interest on the internet.
- Complete the required worksheets.
- Keep worksheets, completed and in order, in a separate folder that you use only for this journal.
- Your name and class period should be clearly marked on the front of the folder.
- Each assignment’s work should be stapled together.
- Your work will be graded against the AP Projects Rubric.
- You must pick a new poet or type each week.
- Keep back-up files of all your work. We may use it again later.
